The 14th International ACM Conference on Computers and Accessibility

October 22-24, 2012

Millenium Harvest House Hotel
Boulder, Colorado, USA

ASSETS is the premier forum for dissemination of research on assistive technologies addressing needs of people with vision, motor, hearing, and speech impairments; cognitive limitations, including learning disabilities; and issues of aging.

Technical contributions accepted for presentation will be published in the Conference Proceedings and will be made available world-wide through the ACM Digital Library. Select authors will be invited to submit extended versions to a special issue of the ACM Transactions on Accessible Computing (TACCESS).
